

S T R I D E

SPOOFING

In the context of information security, and especially network security, a spoofing attack is a situation in which a person or program successfully identifies as another by falsifying data, to gain an illegitimate advantage.

TAMPERING

Tampering can refer to many forms of sabotage but the term is often used to mean intentional modification of products in a way that would make them harmful to the consumer.

REPUDIATION

In digital security, non-repudiation means a service that provides proof of the integrity and origin of data, or an authentication that can be said to be genuine with high confidence.

INFO DISCLOSURE

Information disclosure is the unwanted dissemination of data, technology, or privacy. legal and political issues surrounding them. It is a violation of data privacy[2] or data protection. The challenge of data privacy is to use data

DENIAL OF SERVICE

A denial-of-service attack (DoS attack) is a cyber-attack in which the perpetrator seeks to make a machine or network resource unavailable to its intended users by temporarily or indefinitely disrupting services of a host connected to the

ELEVATION OF PRIVILEGE

Privilege escalation is the act of exploiting a bug, design flaw or configuration oversight in an operating system or software application to gain elevated access to resources that are normally protected from an application or user.

GDPR BASICS

RIGHT TO ERASURE

The data subject shall have the right to obtain from the controller the erasure of personal data concerning him or her without undue delay and the controller shall have the obligation to erase personal data.

CONSENT FOR DATA COLLECTION

Processing personal data is generally prohibited, unless it is expressly allowed by law, or the data subject has consented to the processing.

RIGHT TO DATA PORTABILITY

The data subject shall have the right to receive the personal data concerning him or her, which he or she has provided to a controller, in a structured, commonly used and machine-readable format and have the right to transmit those data to another

RIGHT TO RESTRICT PROCESSING

The data subject shall have the right to obtain from the controller restriction of processing for a set of circumstances.

RIGHT TO CORRECT INFORMATION

The data subject shall have the right to obtain from the controller without undue delay the rectification of inaccurate personal data concerning him or her.

RIGHT TO LIMIT AUTO PROFILING

The data subject shall have the right not to be subject to a decision based solely on automated processing, including profiling, which produces legal effects concerning him or her or similarly significantly affects him or her.
